

LEARNING
ENHANCEMENT
PROGRAM

a personalised approach
for the benefit of
today's student

Welcome

TO
AXIAL'S

LEARNING ENHANCEMENT PROGRAM

"At Axial Training, we believe that every learner is unique, and every educational journey should reflect that uniqueness. Our tailored Learning Enhancement Program is carefully designed to cater to learners of all backgrounds, abilities, and aspirations.

Dive deep into a curated learning experience that not only addresses challenges but amplifies potential.

Join us and embark on a transformative educational voyage tailored just for you."

 **EMPOWERING**
all learners with our
PERSONALISED APPROACH

What is an Individualised Learning Program

Axial's individualised Learning Enhancement Program is a structured, student-centric approach designed to address the unique learning needs, strengths, weaknesses, goals, and interests of a particular student.

It provides a tailored roadmap of educational activities, support, and assessments. Students with specific, identified needs are provided with individualised learning plans.

 At Axial Training we have two **[2]** types of plans.

- **Diagnostic Learning Plan** – these plans are designed for students with diagnosed disabilities or learning needs. These Learning pathways are designed to accommodate a student's learning journey specific to their specific disability or challenge in learning.
- **Learning Support Plan** – specifically designed for students with identified needs which impact upon their capacity to engage effectively in learning. These plans are designed support and provide a tailored roadmap to address individual learning challenges and optimise the training experience for students in skill-based programs.

Learning Enhancement Program – Key Areas

- **Personalised Learning Plans:** Your journey begins with a customised training plan designed to address a student's particular challenge.
- **Tailored Print Learning Materials:** Physical paper resources designed for specific learning difficulties that allow for tactile and kinaesthetic learning, especially beneficial for those who learn best by doing.
- **Personalised learning aids:** When our trainers come to visit you, not only do you have personalised one on one training, your trainer will have many different learning aids and methods to assist with reading, writing, comprehension, mathematics and much more.
- **Adaptive Learning Materials:** Tailored to your unique pace and style, our materials evolve alongside you, ensuring a personalised and effective educational journey.
- **Expert Trainers:** Our skilled instructors are experienced in adapting teaching and learning methods to suit ALL student learning preferences.
- **Adaptive Technology Software for students who learn via computer:** Our software is tailored to meet individual needs, allowing for content customisation and interactive exercises, adjusted based on the learner's requirements.
These include but are not limited to:

★ **Screen Readers:** Software that reads text aloud for those with reading difficulties or visual impairments.

★ **Speech-to-Text Programs:** Helps students with writing or typing challenges by converting spoken words into written text.

★ **Colour Overlays:** Transparent coloured sheets or screen filters that help reduce visual stress for dyslexic or dysgraphic learners.

★ **Large Print Materials:** Digital materials with enlarged text for students with visual challenges.

★ **Customisable Font and Background Settings:** On e-readers and digital platforms, allowing students to adjust text and background colours based on their comfort. Axial have a specific "dyslexia Font" enabling learners who have Dyslexia to decipher content.

★ **Assistive Listening Devices:** Amplify the volume of lessons or instructions for those with hearing impairments.

Contact us today to discover how Axial Training's significant learning difference and robust support can change the trajectory of your vocational journey. Your potential knows no bounds with Axial Training by your side.
