THE AXIAL TRAINING DIFFERENCE

At Axial Training our aim is to provide an exceptional education experience, with quality outcomes and tailored training solutions that add genuine value to a student's secondary school experience.

We have developed an industry-leading blended vocational training model that has proven to be ideal for Queensland Schools delivery.

SCHOOLS PROGRAM

At Axial Training, we are passionate about nurturing our student's individual qualities, preparing them for meaningful and purposeful lives in industry and study, whilst affording them world-class opportunities to reach their ideal career aspirations.

Axial Training is proud to offer a range of short courses to Queensland secondary school students that are providing pathways to further study, employment or Apprenticeship and Traineeship opportunities.

PROGRAM OVERVIEW

Axial's First Aid Training focuses on **providing immediate care to sick or injured patients until full medical help is available**. In the time it takes for more advanced care to arrive, first aid aims to prevent medical conditions from deteriorating, help relieve pain, and provide reassurance. This course comprises a pre-course online component followed by our 1 day in-class practical course.
