DIPLOMA OF COUNSELLING

Study With Axial Training Whilst At School To Get The Skills and Succeed

This qualification reflects the role of counsellors, who work with clients on personal and psychological issues using established counselling modalities. They use communication, micro-counselling and interviewing skills and draw on varied counselling therapies to assist clients. At this level, the counsellor will be working in defined and supported counselling roles in established agencies rather than in independent practice.

Axial's qualified trainers will help students understand the theoretical and practical aspects of the course to support their success.

Study Mode	School Based - VETIS
Duration of Course	24 Months
Total Units	17
